

# Mauro E-move

**19102** The Mauro relax chair with lowerable armrests and castors, is equipped with an electrically adjustable legrest and backrest, easy to operate with an intuitive handset. When the backrest is adjusted, there is a simultaneous inclination of the seat.

## Support

- Firmly welded metal construction made of round tubes Ø36 mm.
- 4 Integral S design castors Ø 125 mm on precision ball bearings. The 2 castors at the back legs have central brakes with a directional lock.
- All edges and corners have been rounded.
- Extending, synthetic footrest with a step safety and with an antiskid structure.

## Seat

- Removable seat, made of a melaminated MDF board of 12 mm.
- Upholstered with fire-retardant foam in 2 different density zones to guarantee an excellent seat comfort.
- The rounded seat in front stimulates a fluent blood circulation.
- Comfortable seat height of 46 cm (up to the footrest).
- The upholstery is finished with imitation leather and decorative stitching.

## Backrest and legrest

- Backrest is made of an ergonomically preformed plywood shell of 12 mm, upholstered with fire-retardant foam in 2 different density zones to guarantee an excellent seat comfort.
- The upholstery is finished with imitation leather and decorative stitching.
- Synthetic push bar at the back.
- Legrest is made of a plywood board of 10 mm, upholstered with fire-retardant foam and finished with imitation leather.

## Lowerable armrests

- The ergonomic front design of the synthetic armrests makes it easy to stand up or sit down.
- Standard equipped with dinner tray attachments.
- Two solid axes to adjust the armrests in height in 4 different positions.
- Locked downwards by means of a spring lever.
- In their lowest position, the armrests are on the same level as the seat.

## E-move mechanism:

- Two actuators make sure that the backrest, seat and legrest tilt into a *zero gravity* position (\*).
- The backrest and legrest are individually adjustable.
- The angle between the seat and the back rest ranges from 97° (seating position) to 120° (*'zero gravity'* position).
- When the relax mechanism is activated, the seat inclines to a 24 degree angle.
- Optimal leg support, thanks to the telescopic legrest.
- When the chair is put in the seat position, the legrest is turned inwards so that you can stand up without any problem.
- The chair can be adjusted by means of an intuitive hand set.

## Dimensions
